WEEKLY REPUBLICAN—1917.
DAILY PUBLIC LEDGER—1918.

MAYSVILLE, KENTUCKY, FRIDAY, JULY 28, 1916.

ONE COPY—ONE CENT.

BANK OF MAYSVILLE

Files Articles of Incorporation With the Secretary of State at Frankfort Yesterday.

Articles of Incorporation, of the Bank of Maysville with \$100,000 capital stock were filed with the Secretary of State at Frankfort yesterday for his approval.

This bank will be a merger of the former Bank of Maysville and the Union Trust Co. and will do a general banking business and also the business of a trust company. The capital stock will be one hundred thousand dollars divided into shares of one hundred dollars each, making a total of 1000 shares. The bank will begin business as a new concern on August 1. There are thirty-two stockholders from 2 to 353 shares.

The officers of the new concern will be:

President—J. Foster Barbour.
First Vice President—A. M. J. Cochran.

Second Vice President—N. S. Calhoun.

Cashier—R. K. Hoeflich.
Assistant Cashier—George T. Barbour.

Board of Directors—J. F. Barbour, George T. Barbour, C. C. Calhoun, Omar Dodson, Benjamin Longnecker, Walter Mathews, J. B. Russell, N. S. Calhoun, R. K. Hoeflich and A. M. J. Cochran.

These officers will run the concern until January 1, 1917.

The highest amount of indebtedness the new bank can assume at one time is placed at \$100,000.

The new bank under its new charter will be one of the strongest banking institutions in the state. Its stockholders are among the most prominent men in the community.

NO RELIEF IS YET IN SIGHT FROM THE TERRIFIC HOT WAVE

Washington, July 27—No relief is promised from the heat, which in the East has caused sweltering city dwellers to light fires in their homes to dry out the humidity, and which in the Mississippi valley is threatening to destroy millions of dollars in food crops.

Chief Forecaster Frankenkfield said today that the heat wave had only begun. It is certain to continue through the week and probably longer. None of the conditions essential to a break-up are yet evident. The relief which often came from the Southwest is nowhere yet in sight.

A Bermuda "high" is the official cause for the worst heat wave that has enveloped the country in fifteen years.

That means a great area of high pressure air has been mobilizing on the weather drill grounds in the Atlantic off Bermuda and now has let go with the full powers of its offensive from the seaboard to the Rockies.

CAMP FIRE GIRLS AT RUGGLES

Carlisle, Ky., July 27—The Camp Fire Girls of Carlisle left this morning for a camping expedition of ten days at Ruggles Camp Ground. The members of the party are: Misses Ruby Reed, Ruth Jackson, Emma Henry, Katherine Taylor, Mayme K. Reed, Elizabeth Ross, Martha Dorsey, Mary Donnell Potts, Mary Kerry, Katherine Collier.

WHO'S RESPONSIBLE?

Should Bondsmen of Road Engineers Be Held to Answer for Neglect of Road Engineers? W. H. Key Writes Another Timely Article on Road Question.

Several references in my previous articles to County Officials has been misunderstood by a few people. My investigation has been conducted only along the line of our turnpike affairs and our turnpike affairs are absolutely in the control of our County Judge and the 8 Magistrates from the various Districts of Mason County, and the Road Engineer appointed by the County Judge and the Assistant Road Engineer appointed by the Chief Engineer. All of these Officials give bond or should do so for the faithful performance of their duties. If our Road Engineer and Assistant have given bond for the faithful performance of their duties, what should be done when they have neglected their duties so grossly and allowed the water to run down the middle of our turnpikes, washing the same away and the Road Engineer not making any effort, in any direction, to eliminate this trouble or repair the roads in places where they became impassable, last winter? Are the Bondsmen of these officials responsible to Mason county for their faithful performance of duty?

The hundreds of rods of rock that have been lying on the various roads that remain unscattered other than being kicked into the gutter by traffic, remain as mute testimony of the inefficiency and negligence of the Road Engineering Department.

From information that I have gathered from members of the Fiscal Court, there is only a small percentage of the pikes that members of the Fiscal Court ever see, and, consequently, set year after year and expend money, not knowing for what it has gone. The reports on record from the Road Engineer, simply state the amount of money that has been paid out, each year, upon each road in the county, and this statement is marked "O. K." "Committee." Do you think that the Auditing Committee composed of members of the Fiscal Court, know what any part of the money has gone for? In 1913, the turnpike fund fell short of expenditures about \$5,000.00, and in 1914, the road fund fell short something over 4,000.00. Now it is illegal for the Board of Magistrates to expend more money than the fund produces, and the money that is borrowed to make up this deficit, by law, cannot be charged to the 1916 road fund. It is a misfortune for the members since most of the shortage was produced, but ignorance in the eyes of the law does not excuse any man.

Upon our Board of Magistrates, is one member holding office in a certain District, presumably, representing the tax-payers in that district, while in fact, he has been living in the City of Maysville for two years. From my conception of the law, it is perfectly plain, that the office of Magistrate in that particular District became vacant when the member moved away. Now, technically, this member may be able to hold his seat, because he goes back and votes in his old home Precinct, but really do you think the tax-payers of that vicinity are represented in our Fiscal Court? I would say, take a look at the turnpikes in Lewisburg and Helena Precinct, and I will leave you to be the judge as to whether the people are represented or not.

On July 25th, I took the Pleasant Ridge turnpike, two miles west of Washington, following its course 4 7-10 miles to the junction of the Brandywine pike. There is one large bridge 60 feet in length and one small one. The report of the County Engineer showed \$78.40 spent on this road last year. The first 2-10 mile shows there was some work done last year, but for the other 4 5-10 miles, certainly shows no results with the exception of one hill about 200 feet in length. Rock can be had in this vicinity for, at least, \$2.50 per rod. There should be \$250 or year spent on this road, and I am sure, Charles Crawford, Dan Maher and Ed Kennard and other taxpayers on this pike would come to Maysville oftener than they do, at the present, if this was done. This pike does not know what a ditch is, and, of course, the water runs where our present turnpike management wants it to run—in the middle of the road.

From Murphysville, I took the Murphysville and Mayslick pike, which is 3 9-10 miles long. The first 1 7-10 mile, that is, from Murphysville to the Sardis pike is nothing but bed rock, water having washed away anything that looks like napped rock. This road needs plenty of rock and plenty of drainage.

From the Sardis pike to Mayslick on this pike, there was considerable rock given the county in 1914, by Mr. Tony Layman, the rock being a wall around a graveyard, which had fallen,

NO WATER IN SIXTH WARD

The water supply was cut off in the Sixth Ward yesterday for the greater part of the day owing to the fact that the water company was making some changes in the fire hydrants. No serious inconvenience was suffered however, the people having been warned in plenty of time of the cutting off of the supply.

IMPORTING LABORS

The contractors at the government works just above the city are now importing labor to aid in the work of that construction. Last night a gang of negroes were brought from Paris, Ky., to go to work there.

FIRE ESCAPE ARRIVES

The new Kirk-Bender Fire Escape for the High School building has arrived and will be set up immediately. The escape is in the shape of a spiral and is constructed entirely of steel and concrete.

Insure your tobacco against fire with W. Holton Key.

MRS. NORA FLAUGHTER

Aged Lady Dies at the Home of Her Daughter, Mrs. C. H. Boughton of Lexington Street Late Last Evening.

Mrs. Noah Flaughter died at the home of her daughter, Mrs. C. H. Boughton of Lexington street last night about 11 o'clock after a lingering illness of about six weeks.

Mrs. Jane Seahorn Flaughter was born in Charlotte, N. C., November 12, 1836. Her parents moved to Ohio, during her youth and later to Bracken county, Ky. She was married in 1866 to Noah Flaughter, who preceded her to the grave about six years ago. After her husband's death she made her home with her daughter. She is survived by four daughters, Mrs. John Feichter and Mrs. Thomas Breeze of Mayslick, Mrs. Anna Lucas of Rome, Ohio, and Mrs. C. H. Boughton with whom she made her home. She also leaves several grandchildren.

The funeral will be held Saturday afternoon at 2 o'clock from the home, the services will be conducted by Rev. Williams of the Second M. E. Church, South. Interment in the Maysville Cemetery.

MARRIAGES

Dodson-Welch
Mr. Arch Welch, 30, and Miss Lulu Dodson, 30, of this city were married in the office of the County Clerk yesterday by Squire Fred W. Bauer.

Lester-Duzan
Mr. John W. Duzan, 47, and Miss Derenza Lester, 20, both of this city, were married in the County Clerk's Office yesterday by Squire Fred W. Bauer.

"The Square Deal Man"

Corseting For Thin Summer Frocks Needs Special Care

Redfern, Warner and Gossard afford you an unrivaled choice as to models and price, \$1 to \$10. A word of advice: Don't buy a corset without having it fitted. We make no charge for this service.

Silks For Summer Blouses, Pongee Habutais and Tub Dresses

Women who are making their own blouses this summer are using these silks, known as summer silks. They are discovering, also, that, owing to early placed contracts, these silks at Hunt's, of extra fine qualities, are still selling at the old price—

59c to \$1.00

1852

HUNT'S

1916

and two neighbors offered to haul the rock free of charge, but the Road Engineer had to give the job of hauling to another man, who could not work for nothing, and the two parties who desired to do the hauling free of charge, were told that they could haul rock from the Mayslick Quarry, if they desired to do something for the county.

I notice that during the last few days, there has been some rock hauled, especially in the low places, on this pike, and those rock have been sledged up and left without being dirted or broken fine, so that they would work together. I have noticed this mode of repair in so many places. It is awfully nice to drive an automobile over a road repaired in this way.

One farmer in the neighborhood, living on this pike, told me, he hauled rock two years ago to fix a bad place in front of his house, and he requested the Road Engineer to have some one to break the rock and spread them. A man did break the rock with a sledge hammer and called the job completed, but this farmer says, that he afterwards took his farm labor and broke the rock fine in order that vehicles could get by. He further states, that the man who sledged the rock, was even paid for the rock that was hauled free of charge. Is it any wonder, there is no spirit of co-operation

between the farmers and the turnpike management?

There are several places between the home of R. L. Turner and Mayslick, that are almost impassable, and no effort, whatever, is being made to repair the damage that has been done by a severe washout, that evidently visited this community sometime during the last 18 months. The Murphysville and Mayslick pike, is due for repair, at least \$250.00, each year, and the repair of last year, showed the expenditure of \$24.00. Do you think the taxpayers on this turnpike should be satisfied and never grumble at present conditions? Do you think the Magistrate in that Precinct, is doing his duty? Do you suppose that the Magistrate ever consult their constituents about the present condition of affairs? It certainly looks to me like that the entire Board of Magistrates in Mason county, have been voting by proxy, for several years, and I am going by results, and if you will follow where I have been in going over the roads in Mason county, in the last 40 days, you will be of the same opinion that I am.

W. HOLTON KEY.

MAYSVILLE MAN IN SAFETY FIRST

The July number of the Chesapeake and Ohio Employee's Magazine has just been issued. This is one of the best magazines for the railroad men that we have ever seen and the reading of it always comes before any of our regular exchanges. This month's issue has the following about a Maysville man in the roll of honor:

R. F. Thomas, Assistant Foreman, Maysville, Ky., has received a letter of appreciation from Superintendent J. B. Harris, for his commendable act when on June 3rd he noticed a brake beam dragging under a car in train No. 99 while that train was passing through Maysville, and called attention to same so that this defect could be remedied.

K. OF P. MEETING

Regular weekly meeting of Limestone Chapter No. 36 K. of P. tonight at 7:30 o'clock. All members are requested to be present.

HENRY HELMER, C. C.
Ben H. Greenlee, Secretary.

NO POLICE COURT

Police Court was conspicuous by its non appearance yesterday afternoon, the police having arrested no one for the previous twenty-four hours.

BARKLEY'S ANNUAL MID-SUMMER SHOE SALE

On page 2 of this issue will be found a display advertisement of the Barkley Shoe Store telling of its annual Mid-Summer Shoe Sale, always an event of unusual importance to those who wish to save money in buying the very best of shoes. Some of the many bargains which will be on sale Saturday, the opening day of the sale, are mentioned in the advertisement and it will pay you to read carefully each of the bargains mentioned. Then go to the store and make your purchases intelligently.

MRS. THACKSTON RECOVERING

Mrs. Belle Thackston, who was horribly injured by a street car in the East End last Saturday night is recovering slowly although she will be a cripple for life. At first the attending physicians had no hopes for her recovery but it seems that she has an extraordinary vitality.

H OUSE NEARING ERECTION

The house of Mr. W. W. Wicoff, local passenger agent of the C. & O., on West Third street is rapidly nearing completion. The house when finished will be one of the best looking homes in the West End of the city.

A MONSTER FLAG POLE

(New York World)

A 165-foot flagpole destined for Joseph T. Lilly's estate at Northport, L. I., has just arrived at Hoboken. It came from near Tacoma, Wash., on four large flat cars. The freight charge was \$1,550. If a sufficiently large lighter can be found, it will transport the pole to Northport; otherwise the pole will be towed. The pole, which is 28 inches through at the base, is from an Oregon fir tree, which stood 300 feet high. It is a beautifully grained piece of wood. On one side there is not a single knot. It will be set in a concrete base 15 feet underground, and will be surmounted by a weather vane 30 feet across. The flag will be 30 by 50 feet. It will be the tallest flagpole along the Atlantic Coast. Mr. Lilly's estate is 200 feet above sea level and the flag will be visible for most of the length of Long Island.

According to a London chemist the surest way to determine the age of a painting is to analyze the pigments.

Annual Mid-Summer Shoe Sale

Commencing Saturday we are going to give you an opportunity to buy Low Shoes at greatly reduced prices, as we do not want to carry a pair of Low Shoes over into next year. They include the latest styles and finest makes from some of the best shoe factories in the country and now that leather is higher than ever known you are getting double your money's worth in buying these shoes of good quality at such bargains.

We quote a few of the many bargains:

Women's Pumps, Smaltz-Goodwin Co. make, in Patent Leather, Grey, White and Dull Kid, \$6.00 and \$7.00 values, now...**\$4.95**

Women's Pumps and Oxfords, in John Kelly's make in Patent Leather, Dull Kid and White Canvas, \$4.50 and \$5.00 values, now...**\$3.95**

Women's Pumps, Oxfords and Straps in John Kelly make, in Patent Leather, Dull Kid and White Canvas, \$3.00, \$3.50 and \$4.00 values, now...**\$2.45**

Women's Oxfords, Straps and Pumps, in Patent Leather, Dull Kid and White Canvas, \$2.50, \$3.00 and \$3.50 values, now...**\$1.95**

Also a lot of odds and ends in Children's Shoes will close out at...**75c**

Men's "Bostonians," Low Shoes in Tan, Patent, Vici Kid and Gun Metal, \$5.00, \$5.50 and \$6.00 values, now...**\$4.45**

Men's "Tilts," Low Shoes in Tan, Vici Kid and Gun Metal, \$4.50 and \$5.00 values, now...**\$3.95**

Men's "Tilts," Low Shoes in Tan, Vici Kid, Gun Metal and White Canvas, \$4.00 and \$4.50 values, now...**\$3.45**

Men's Tan, Gun Metal, Vici Kid and White Canvas Low Shoes, \$3.00 and \$3.50 values, now...**\$2.45**

In going through our stock we have taken our odds and ends in Women's Low Shoes, mostly small sizes, and have placed them on a "Bargain Rack." \$3.00, \$4.00 and \$5.00 values; to make them go we are going to sell for...**95c and \$1.45**

Money cheerfully refunded if customers are not satisfied with purchase. Remember, we are now located at 39 West Second Street, opposite State National Bank.

UNPROTECTED INDUSTRIES

"No price for property, no sales except those of the Sheriff and Marshal, no purchaser at execution sales except the creditor or some hoarder of money, no employment for industry; no demand for labor; no sales for the products of the farm; no sound of the hammer except that of the auctioneer knocking down property," is the description Thomas Benton, a Democrat, gives of the situation in this country at the close of the Napoleonic wars when Europe deluged our markets with her goods.

If a Republican authority is preferred, here is what Horace Greeley said on the same subject: "Great Britain poured her fabrics, far below cost, upon our markets in a perfect deluge. Our manufacturers went down like grass before the mower, agriculture and wages for labor speedily followed. Financial prostration was general and the presence of debt universal."

Even President Wilson in his history takes cognizance of the situation at that time says, (see volume three). "It was manifestly injurious to every young industry that a flood of English imports should continue to pour into the country at the open ports. The remedy was a protective tariff, such as Mr. Hamilton had wished to see at first, and the young Republican leaders of Congress did not hesitate to advocate and establish it."

"Whatever President Wilson knows as a student of history, the Democratic Party does not believe in Protection. The present Democratic tariff law affords no Protection to the industries of this country. Today they are protected only by the war now in progress on the other side of the Atlantic. If that war ends with the present tariff law still in operation, American industries must expect to fight for their very existence.—Yonkers (N. Y.) Statesman.

OUR HORSES

(Boston Post.)

Just now, when there is a question of the mounting of our troops on the Mexican frontier, the supply of horses and mules available for war purposes is a matter of interest. We have exported a good many of the Europe and Canada since the demand of the European war—about three quarters of a million altogether—but we have left, according to the count of the Department of Agriculture at Washington, about 20,000,000 on our farms remaining.

More exactly, the figures of the department on January 1, 1916, give the number of horses on farms as 21,166,000, and of mules as 4,565,000. How many of these are available for military use? The requirements by schedule call for a sort that will pack a trooper and his kit—some 200 pounds—day in and day out. Here is a large discrimination.

But the type of horses available is fully equal to military requirements. From one of the principal camps it is reported that the tests of such as "never saw a halter" have shown a spirit indicating that they "know their business."

Oh, no, the political pot is not bubbling one wee little bit. It is only a seething sauldron.

Straw hats and perspiration will soon be ambling along.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Belle of Maysville

The most wonderful whisky that ever drove the skeleton from a feast or painted landscapes in the brain of man. It is the mingled souls of wheat and corn. In it you will find the sunshine and the shadow that chased each other over the billowy fields; the breath of June; the carol of the lark; the dew of night; the wealth of summer; and Autumn's rich content—all golden with imprisoned light.

Drink it, and you will hear the voices of men and maidens singing the "Harvest Home" mingled with the laughter of children. Drink it, and you will feel within your blood the star-lit dawns, the dreamy, tawny dusks of many perfect days. For many years this liquid joy has been confined within the happy staves of oak, longing to touch the lips of man.

Yours for, \$3.00, \$4.00 and \$6.00 per gallon. Sold only by

HOT STRUGGLE ON FOR 1916 AUTO RACING CHAMPION

Chicago, July 25—Anybody's championship with at least four rival racers looking in hard at the trophy is the way the struggle for the 1916 Automobile race driver championship sizes up from the latest standing announced by the Contest Board of the American Automobile Association.

Though Dario Resta leads Ralph De Palma by 730 points, according to the rating after the 150-mile dash at Omaha, another big win by De Palma would cut capers with the standing Eddie Rickenbacher while 900 points behind De Palma is by no means a despaired contender, and Ralph Mulford is yet in a position to upset too venturesome forecasting.

In fact the struggle for the 1916 championship is the hottest in the history of the racing game. It is not a runaway for Resta though he does lead by a comfortable margin. The trophy has always been coveted by the speed kings, but the fact that The R. F. Goodrich Company has hung up \$10,000 in bonus prizes to be apportioned among the first three drivers, regardless of what tires they use, has undoubtedly put more fire into the rivalry.

As a consequence the 1916 automobile racing game is developing more speed than many drivers thought was in a racing car.

The 150-mile race at Omaha was the sixth event chosen by the Contest Board to count in determining the 1916 racing champion.

The exact standing of competitors follows:

Driver	Points
Dario Resta	2400
Ralph De Palma	1670
E. V. Rickenbacher	770
Ralph Mulford	595
J. Christaens	540
W. D'Alene	510
Pete Henderson	432
J. Devigne	320
John Aitken	320
Thomas Milton	260
Ira Vail	220
E. O'Donnell	185
Dave Lewis	110
F. Galvin	100
C. J. Devlin	90
B. Oldfield	80

Mol Stringer 55
George Adams 55
Earl Cooper 55
H. Wilcox 40
Bully Chandler 40
Bert Watson 35
M. Sorenson 35
Charles Johnson 30
Jack Gable 30
F. McCarthy 25
Ora Halbe 20
W. J. Muller 20

A gauge has been invented to be clamped to hack saws to prevent them cutting too deeply.

We note, with satisfaction, that the price of eggs is coming down. Rurrah for eggs!

A "LONG WAY" FROM IT

(New York Tribune)

Justice Cohan denied yesterday the petition of the Fishing Club Tipperary for a certificate of incorporation. The purposes of the club, according to the petition, are "the encouragement of social intercourse and the promotion of fishing among the members."

The incorporators of the Tipperary Club, most of them residents of Valley Stream, L. I., are Egid Schmitt, Ernest Bruan, Andrew Meier, Otto Miller and George Lindner.

A machine that blows ballast under railroad tracks with compressed air, as they are lifted with a jack, has been patented by a Canadian inventor.

To enable men who smoke to observe what is going on behind them an Englishman has patented a pipe carrying small mirrors on the bowl.

Leather waste enters into the composition of much of the best wall paper.

Where the soil is suitable the United States Government will reforest light-house reservations, with a view to having timber available for spar buoys.

Vermont is estimated to have 2,000,000 horsepower of undeveloped water power.

Mammoth Cave

Railroad fare \$5.65. Board including routes in the cave for \$6.50. Tickets on sale for morning trains at all way stations. See L. & N. Agent.

TO THE VOTERS

Jackson, Breathitt County, Kentucky, July 15, 1916.

To the Voters of the Ninth Congressional District:

The Republicans of Breathitt County ask the nomination of E. C. Kash, of Jackson, for Congress in the Ninth Congressional District, for the following reasons:

BECAUSE he will add great strength to the Republican ticket in November both in the counties of Breathitt and Wolfe, and will greatly reduce the Democratic majority in the county of Morgan.

BECAUSE he is well qualified and fitted for the office, is a man of approved character and integrity and a man of ability, and is well and favorably known to the people of this section.

BECAUSE he is a fine campaigner, a man of good address, popular with associates and acquaintances, a good mixer and an energetic politician and organizer.

We ask the Republicans of the Ninth Congressional District to give this nomination to Mr. Kash, and if he is nominated the voters of Breathitt County will stand with him and give him a support that could not be procured for any other candidate.

Let Breathitt County have this nomination and the party workers of this county and in this section will enter this fight and carry it to certain victory.

Respectfully,

J. H. Hammons,
M. H. Holliday,
Jerry Cardwell,
H. L. Lawson,
A. S. Johnson,
A. R. Mauppin,
W. L. Welch,
J. C. Hurst,

E. C. Hurst,
C. B. Rose,
C. B. McGuire,
James P. Adams,
T. P. Cardwell, Jr.,
W. L. Eversole,
J. I. Hall.

Ford
THE UNIVERSAL CAR

Over a million and a quarter Ford cars in use today. If each one of these cars wasn't an active demonstration of Ford qualities—strength, simplicity, light weight, economy and dependability—the orders wouldn't come in so fast. Most men like to judge a motor car by what it can really do. Touring Car \$440; Runabout \$390; Coupelet \$590; Town Car \$640; Sedan \$740. All prices f. o. b. Detroit. On display and sale at

Mrs. Lizzie Wilson Power, accompanied by her chauffeur, Mr. Lloyd Anderson, left this morning in her touring car for New York City, where she will stay for four weeks.

Mrs. Stanley Teager left for her home in San Francisco, Cal., yesterday after a visit with her mother in Fleming county. While in this city she was the guest of Mrs. J. Clark Rogers of West Second street.

KENTUCKY'S SHARE

Of Fund Will Be \$97,000—Federal Good Roads Aid Soon to Become Available — Government to Spend Sum of \$5,000,000 First Year—Apportionment to Be Announced.

Washington, July 27.—As the first step in the Federal Government's part of spending \$150,000,000 on good roads during the next five years in co-operation with the States, Secretary Houston soon will announce preliminary plans for organization and some time before the September 11 will notify the governors of States of the apportionment of Federal funds for this year. A circular letter also will be sent to all the governors and State highway authorities outlining a tentative plan of procedure.

The \$150,000,000 is to be paid half by the Government and half by the several States, apportioned among the latter according to their respective area, population and rural mail route mileage. The expenditures are authorized by the Shackleford-Bankhead good roads law, the first granting Federal aid to States in road building. Apportionment among the several States of the \$5,000,000 for the first year's work will be announced by Postmaster General Burleson, who is required annually to certify apportionments because of changes in rural post route mileages and population. The allotments of the Federal appropriations will be made by the Secretary of Agriculture, one-third being based on the ratio which the population of each State bears to the total United States population, according to the latest census; one-third in the ratio which the mileage of rural post roads in each State bears to the total national mileage, and one-third in the ratio which the area of each State bears to the total area.

The official apportionments of this year's \$5,000,000 appropriation, less 3 per cent, for administrative expenses with those of other years in proportion give: Indiana, \$125,747; Kentucky, \$97,471; and Tennessee, \$114,153. Texas gets the largest share, \$291,927; New York second, \$250,720; Pennsylvania third, \$230,644, and Illinois fourth, \$220,926.

ONE AUTOMOBILE FOR EVERY FORTY-FOUR PERSONS IN THE UNITED STATES.

Washington, July 27.—Motor vehicles registered in the United States numbered 2,445,664 last year and \$18,245,713 was paid by their owners as registration and license fees. The office of public roads of the Department of Agriculture announced today that 90 per cent. of the fees, or \$16,213,387, was spent for building and maintenance of county and State roads. There was an increase of 734,325 in the number of vehicles and \$5,863,760 in fees from 1914. Only 48,000 motors were registered in 1906.

The number of motor vehicles averaged one registration for every forty-four persons in the United States. Iowa led with one for every sixteen inhabitants, while in Alabama there was only one for every 200 persons. Registration figures for the country as a whole, the good roads office explains, do not necessarily represent a total number of cars, as some of the States do not require annual registration, other group pleasure and commercial vehicles and motorcycles in their accounts, while still other States do not require registration of motorcycles.

DeBERRY TO GO HIGHER

A New Orleans sport writer in telling about the higher up qualities of Catcher De Berry formerly of the Maysville team in the Ohio State League says: "DeBerry is the makings of a good man. If Dobbs doesn't arrange to cover him up, any of the 16 big league clubs can pick him off for \$1,500."

CITY WILL PROBABLY REFUSE TO COME UNDER COMPENSATION

The City of Maysville will probably refuse to come under the Workman's compensation law as passed by the recent Kentucky Legislature. Lexington and Louisville have refused to come under the law. It would cost the city about \$500 annually.

LEFT THIS MORNING

Messrs. George Diener and William Weis left this morning for Huntington where they will open a meat shop today.

Mr. and Mrs. T. D. Trumbo of Newport, Ky., who are visiting Mrs. Trumbo's parents, Mr. and Mrs. G. W. McDaniel of East Third street accompanied by Misses Julia McDaniel and Addie Boyd and Messrs. Henry Newell and Stanley Lowrey motored to North Fork yesterday and spent a most pleasant day camping and fishing.

The Greenland passed down the river this morning for Cincinnati.

The Greenwood will pass down this afternoon for Cincinnati from Pomeroy.

Work has been resumed on salvaging the wreck of the ill-fated towboat, Sam Brown, which blew up at Huntington, W. Va., last winter.

RECEIVES INVITATION

The editor of this paper has received an invitation to be present at the official notification of the nomination of Charles Evans Hughes by the Republican party for President to take place on next Monday, July 31, in New York City.

ARE PLAYING WITH MINERS

Chuck McDaniels of Portsmouth and Ezra Midkiff, formerly manager of the Huntington Boosters are now playing with a mining team in West Virginia and are delivering the goods. Their team plays two games a week.

HER HOME NO LONGER CHILDLESS

Operation not Necessary after Taking the Great Medicine for Women.

Miller's Falls, Mass.—"Doctors said I had displacement very badly and I would have to have an operation. I had a soreness in both sides and a pulling sensation in my right side. I could not do much work the pain was so bad. I was also troubled with irregularity and other weaknesses. My blood was poor. We had been married four years and had no children."

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong and was saved from the operation. We are now the parents of a big baby girl and I praise your remedies to others and give you permission to publish my letter."—Mrs. JOSEPH GUILBAULT, JR., Bridge Street, Miller's Falls, Mass.

Lydia E. Pinkham's Vegetable Compound is famous for restoring women to normal health and strength. When this is done wives no longer despair of having children. A woman should be reluctant to submit to a surgical operation until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. If you have a case that needs special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

E. C. KASH

On the third page of this issue of the Ledger will be found a communication from the Republicans of Breathitt county, addressed to the voters of the Ninth Congressional District, asking the nomination of Mr. E. C. Kash for Congress. The appeal is signed by the leading Republicans of that county and sets forth many reasons why Mr. Kash should be nominated.

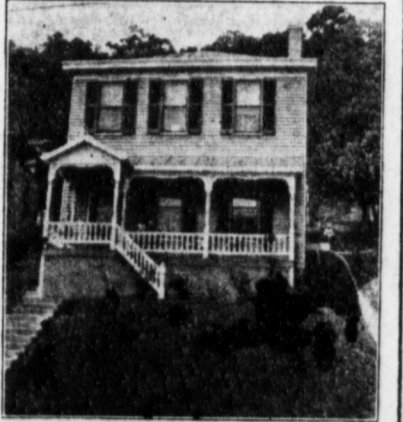

RETURNS HOME

Mrs. Nora Perraut returned to her home in Logan, W. Va., yesterday after a month's stay in the local hospital. When called here by the death of her sister, Mrs. Lottie Jones, Mrs. Perraut was taken with appendicitis and removed to the hospital for operation. Her many friends will be pleased to hear of her recovery.
